### CARAMELIZED HAZELNUTS (OPTIONAL)

First prepare the caramel. Add two tablespoon of sugar and one tablespoon of water to a pan. Set over high heat, so that the sugar dissolves completely. Cook for about 5 minutes, the caramel will get dark brown. Set aside. Set another pan over medium high heat, add the hazelnuts, toast them a bit and after about a minute, add the caramel. Stir well so that the hazelnuts become caramelized. Remove from the heat and place the caramelized hazelnuts onto a parchment paper to cool.

### HOT CHOCOLATE

Add the butter to a saucepan. Set over low heat and let it melt. Add the all purpose flour. Cook over low heat for about 3 - 4 minutes, stirring constantly. Add 100ml milk, stir well, to get a thick mixture. Gradually add the rest of the milk, bring to a boil, stirring constantly. Add small chunks of dark chocolate. When the chocolate melts completely, set aside.
